

Alpine hut and cog railway

547 pièces · 67 références

Un modèle souvenir en briques, compatible avec les briques standard.

Sur son socle : 25.6 × 27.2 cm, 9.6 cm de haut.

Liste des pièces et Wanted List BrickLink : voir le site du projet.

LE MONUMENT

Alpine hut and cog railway

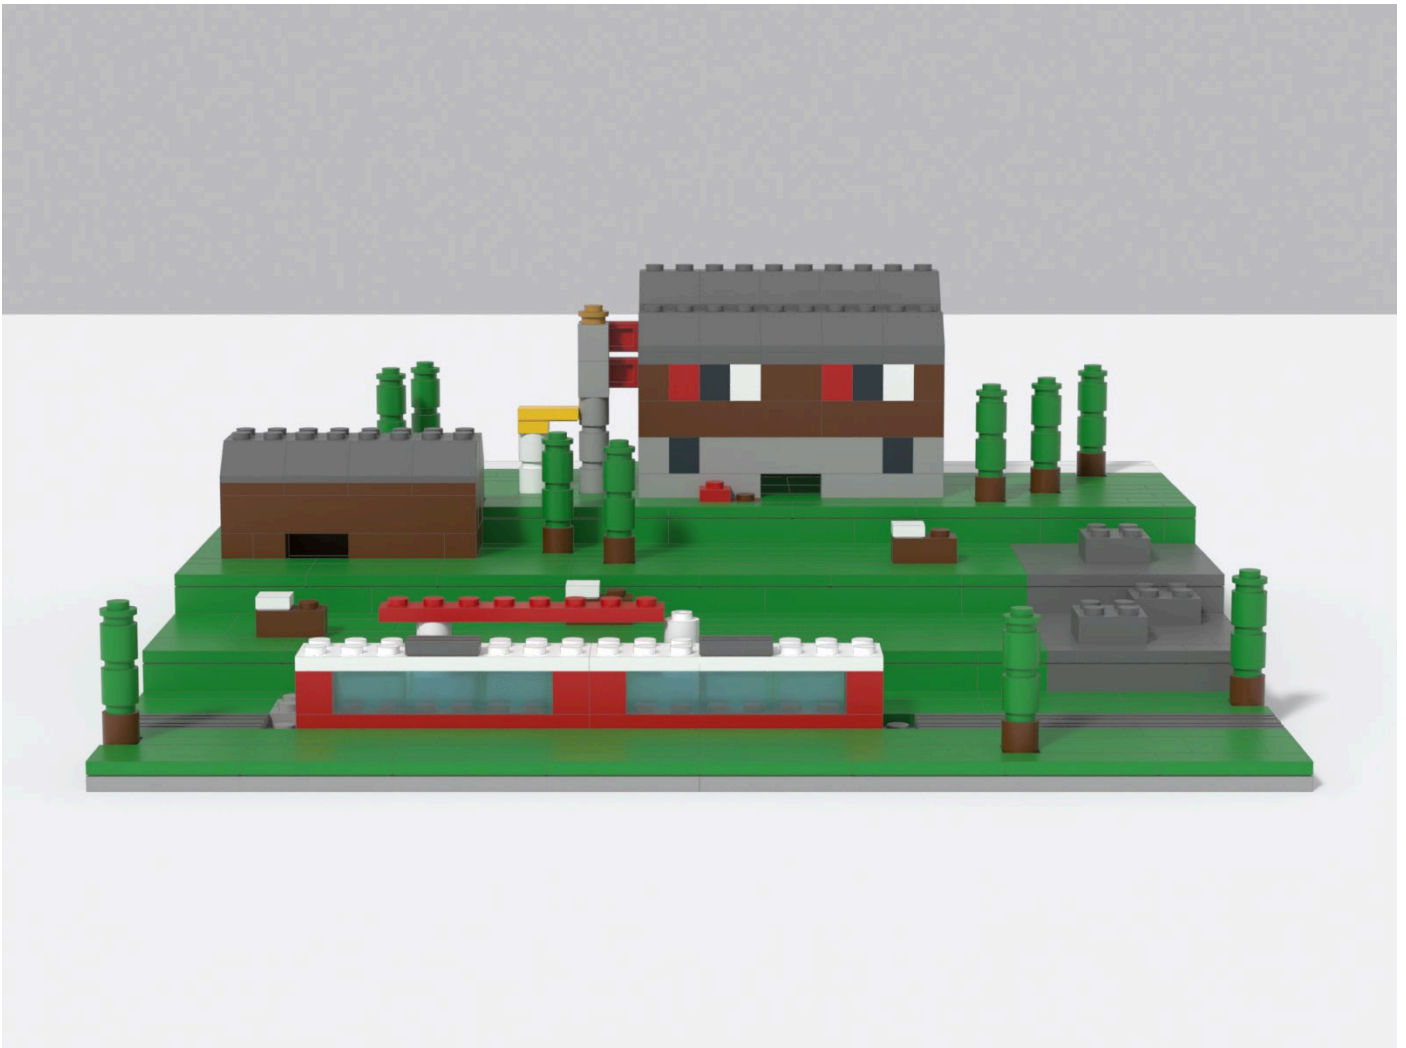

Une cabane de montagne sur une terrasse ensoleillée, une grange en contrebas, des vaches dans le pré et un petit train à crémaillère qui monte les randonneurs depuis la vallée. Ce set montre une scène des Alpes suisses plutôt qu'un lieu précis.

Partout au-dessus de la limite des arbres : de l'Oberland bernois aux Grisons et au Valais, des cabanes et des trains de montagne comme ceux-ci accueillent les randonneurs chaque été.

Club Alpin Suisse fondé en 1863 ; il gère plus de 150 cabanes

Premier train à crémaillère de montagne d'Europe Vitznau, Rigi, 1871

Panneaux de randonnée jaunes pour les chemins de randonnée, blanc-rouge-blanc pour les chemins de montagne

PETITE HISTOIRE

Au fil des siècles

- 1863 ● Fondation du Club Alpin Suisse (CAS).
- 1871 ● Le premier train à crémaillère de montagne d'Europe ouvre sur le Rigi.

REGARDE DE PLUS PRÈS

Un lit au-dessus des nuages

Les cabanes offrent aux randonneurs et aux alpinistes un lit simple et un repas chaud en haute montagne. Beaucoup ne sont ouvertes qu'en été et sont ravitaillées par hélicoptère ou à pied.

Des dents entre les rails

Un train à crémaillère a un rail denté au milieu de la voie. Une roue dentée sous le train s'y accroche, si bien qu'il peut grimper des pentes bien trop raides pour des roues ordinaires.

Suis les panneaux jaunes

Les chemins de randonnée suisses sont balisés par des panneaux jaunes qui indiquent le temps de marche jusqu'aux prochains lieux. Les chemins de montagne ajoutent des marques blanc-rouge-blanc sur les rochers.

OÙ LE TROUVER À ALPES SUISSES

Adresse

Dans les Alpes suisses

Pour y aller

Prends un train de montagne ou un téléphérique depuis presque n'importe quelle vallée alpine, puis suis les panneaux jaunes.

Conseil

Arrive à la cabane en fin d'après-midi, quand les randonneurs de la journée sont redescendus, et regarde la lumière changer sur les sommets.

Dernier chapitre

Le socle

Chaque modèle de la série repose sur le même socle noir avec une plaque nominative : tes souvenirs s'alignent sur l'étagère. Construis la bande noire, emboîte-la sous le bord avant du modèle, puis les petites plaques 2 × 4 (les pieds) sous ses coins arrière. Colle ensuite l'étiquette de la page « plaque nominative » sur les tuiles beiges.

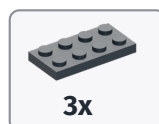

Le socle

5

tourne le modèle

Ta plaque nominative

Imprime cette page à 100 % (sans « ajuster à la page »), découpe une étiquette le long du trait gris et colle-la sur la plaque beige 2 × 8 du socle. Conseil : du papier autocollant ou une bande de ruban adhésif transparent par-dessus la fait durer plus longtemps.

Signe le livre de cabane

Regarde le banc près de la porte de la cabane : un petit livre rouge y est posé.

Les cabanes de montagne suisses ont un livre de cabane (Hüttenbuch) où les visiteurs écrivent leur nom, la date et d'où ils viennent.

La prochaine fois que tu arrives à une cabane, cherche-le et ajoute ton nom.
