

Château de Chillon

794 pièces · 84 références

Un modèle souvenir en briques, compatible avec les briques standard.

Sur son socle : 25.6 × 27.2 cm, 19.8 cm de haut.

Liste des pièces et Wanted List BrickLink : voir le site du projet.

LE MONUMENT

Château de Chillon

Le château de Chillon se dresse sur un petit îlot rocheux du lac Léman, à quelques mètres seulement de la rive. Pendant des siècles, il a gardé l'étroite route entre l'eau et les montagnes. Vu de la terre, c'est une forteresse ; vu du lac, c'est un palais.

Sur la rive est du lac Léman, à Veytaux, entre Montreux et Villeneuve, dans le canton de Vaud.

Première mention	1150
Partie la plus ancienne	le donjon carré, commencé au 11e siècle
Dimensions	environ 110 m de long et 50 m de large
Donjon	environ 25 m de haut, plus de 120 marches jusqu'au sommet
À l'intérieur	environ 25 bâtiments regroupés autour de plusieurs cours
Propriétaire	le canton de Vaud, depuis 1803
Ce que tu peux faire	explorer les salles, la chapelle, les souterrains et les tours, et monter au donjon

Au fil des siècles

- 
- 11e siècle** ● Le donjon carré est construit au milieu du rocher.
 - 1150** ● Première mention écrite : les comtes de Savoie contrôlent déjà la forteresse et la route le long de la rive.
 - 13e siècle** ● Pierre II de Savoie et sa famille agrandissent le château. Trois tours semi-circulaires renforcent le côté terre, et de grandes salles sont construites le long du lac.
 - vers 1290** ● Une réserve voûtée au fond du château devient une prison.
 - 1530** ● François Bonivard est enfermé à Chillon par le duc de Savoie.
 - 1536** ● Les Bernois prennent le château et libèrent Bonivard. Berne règne ici pendant plus de 260 ans.
 - 1798** ● Berne s'en va pendant la révolution vaudoise. Cinq ans plus tard, le château passe au nouveau canton de Vaud.
 - 1816** ● Lord Byron visite le château et écrit son poème The Prisoner of Chillon.
 - dès les années 1890** ● L'architecte Albert Naef commence une étude et une restauration minutieuses qui durent des décennies.

REGARDE DE PLUS PRÈS

Le prisonnier de Chillon

Bonivard était un prieur genevois qui avait pris le parti de la ville contre le duc de Savoie. Il passa six ans à Chillon, dont les quatre derniers dans le souterrain sous les salles côté lac. Quand Berne prit le château en 1536, il fut libéré, et il écrivit plus tard une histoire de Genève.

Le nom d'un poète sur un pilier

En juin 1816, Lord Byron fit le tour du lac avec son ami Percy Shelley et entendit l'histoire de Bonivard. En quelques jours, il écrivit un long poème qui rendit Chillon célèbre dans toute l'Europe. Sur l'un des piliers du souterrain, tu peux encore lire BYRON, gravé dans la pierre. Le poète l'a-t-il gravé lui-même ? On en débat toujours.

Deux visages

Côté terre, ce ne sont que murs épais, meurtrières et tours, construits pour arrêter une attaque venant de la route. Côté lac, il y a de grandes fenêtres gothiques et des balcons en bois au-dessus de l'eau, car la famille de Savoie y vivait dans le confort, protégée par le lac lui-même.

OÙ LE TROUVER À MONTREUX

Adresse

Avenue de Chillon 21, 1820 Veytaux

Pour y aller

Bus depuis Montreux ou Vevey jusqu'à l'arrêt du château ; la gare de Veytaux-Chillon est à quelques minutes à pied. En été, les bateaux du lac font escale à Chillon, et une promenade au bord du lac y mène à pied depuis Montreux.

Conseil

Viens en bateau pour la vue classique du château qui sort de l'eau. L'entrée est payante ; vérifie les horaires d'ouverture actuels avant d'y aller.

Le socle

Chaque modèle de la série repose sur le même socle noir avec une plaque nominative : tes souvenirs s'alignent sur l'étagère. Construis la bande noire, emboîte-la sous le bord avant du modèle, puis les petites plaques 2 × 4 (les pieds) sous ses coins arrière. Colle ensuite l'étiquette de la page « plaque nominative » sur les tuiles beiges.

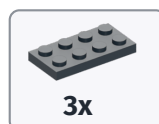

Le socle

5

tourne le modèle

Ta plaque nominative

Imprime cette page à 100 % (sans « ajuster à la page »), découpe une étiquette le long du trait gris et colle-la sur la plaque beige 2 × 8 du socle. Conseil : du papier autocollant ou une bande de ruban adhésif transparent par-dessus la fait durer plus longtemps.

Le pilier de Bonivard

Regarde à travers l'arche au niveau de l'eau, côté lac : l'un des piliers du souterrain est blanc.

François Bonivard, prieur de Saint-Victor à Genève, fut retenu à Chillon de 1530 à 1536, les dernières années enchaîné dans ce souterrain. Aujourd'hui encore, les visiteurs cherchent son pilier.

Le nom BYRON est gravé sur l'un des piliers ; les historiens se demandent toujours si le poète l'a gravé lui-même.
